

IT Consultant to Ricoh IT Partner Örebro

Do you want to join a truly global account? Do you want to join an amazing team where results count and teamwork matters? There is the typical job; arrive, read mails, send mails, attend meetings, depart... and repeat. Then there are jobs which requires dedication - when you're encouraged to go further, to explore new paths and to be a part of something far bigger than yourself. Winning takes talent, to repeat takes character. Does talent and character feel like an excellent description of you?

Background

Ricoh IT Partner are looking for IT-consultants to be part of a team located in Örebro that delivers IT and Security services to a world leading global client. Ricoh IT Partner are supporting a few thousand users at sites in Gothenburg, Oslo, Copenhagen, Helsinki, Riga, Izmir, Amman, Barcelona, Agadir and Lisbon among others but more sites are under planning.

Your future employer

Ricoh IT Partner might have the office of your dreams. At least if you, like your future colleagues, enjoy playing table tennis or padel at breaks. If you like health activities, you are welcome to join the group of colleagues who tries to improve their cardio during lunch break. Not into sports? Let's mention they also have two race simulators and from time to time, compete for who is the fastest driver in the office. Are you more of a SPA person? You'll find a sauna and jacuzzi, bookable after working hours. When work is over, there's also often a fun after-work-activity to attend. As you understand – this is a creative environment in every possible way!

Your daily work and technical platform

The team is responsible for a global IT and Security platform with services like:

- Active Directory (ADFS, management systems)
- Office 365 suite
- Cloud App Security
- OMS (log analytics, automation, security and compliance)
- Communication services (Exchange, Skype, SharePoint and Teams)
- DLP and SIEM for all services.
- Networking services (Firewalls, Wi-Fi, switches, IPS, whitelists, MFA VPN services etc.)
- A state of the art platform based on the latest technology from Dell, Microsoft and VMware located in two of the most secure datacenters in the European region.
- Constantly increasing and evolving the level of security together with the client for any service delivered.

Key qualifications for the role

We expect that you have past experience with some of the listed technologies and foremost that you are eager to learn more. Who you are and what you are striving for is more important than what you have done over the past few years. You will be part of a competent team who are happy to share their knowledge with anyone joining the team.

Additional required knowledge:

- Adequate skills and understanding in IT and security related services
- Experience from and high knowledge about networking services
- Comfortable in both Windows and Linux-environment
- You can speak and write English fluently, preferable also Swedish

You have an easy-going attitude towards adapting to challenges while remaining calm in a constantly changing environment. You're self-organized with the ability to follow security governance, change management and documentation standards.

We offer you

Dedicated colleagues eager to share their experience and knowledge with you. The opportunity of your life to really target your area of interest and become a true expert! The ability to grow and thrive – we applaud commitment and help our team members to grow. A truly amazing office environment, in both a physical and social sense – which makes you really long for going to work! Committed co-workers and fun teambuilding activities arranged as well as on office-hours, as on other times. Flexibility – you can go hit the gym during lunch and adapt workhours to your private commitments. In return you never hesitate to put in an extra hour or two when needed.

Additional information

If you have any questions about the position, you are welcome to contact Pål Warnbrant, consultant manager at +46 70-31 41 000 or by email pal.warnbrant@ricoh-itpartner.se. All applications are handled confidentially.
